Foreword

After the sale of Pencraig this young pedigree herd comes to Carmarthen Livestock Centre. Only some four generations of female families by popularly selected sires with a big influence from Comestar Sires and Juror sons throughout resulting in 27 classifying **Very Good** and **Excellent** and 12 heifers classifying above 80 points including a **VG85** Hilmar CVC Starr daughter.

Fed on an ad lib Soya and silage mix and concentrates only during milking these cows have the potential to improve production even further. The herd has been BVD and Lepto vaccinated and dry cow treated with Coprin and Trodax, dates of application which will be supplied with the passports on the day of sale. They passed the pre-movement test for TB on the 22/09/2009.

The cows have been running with a Limousin bull between 04/06/2009 and 10/10/2009 as well as the service dates and sires provided. Though not milk recorded, the milk recordings provided are from the parlour records taken on 03/11/2009 and the PD results given were recorded on 02/11/2009.

The in calf heifers have been running with a Limousin Bull from 01/03/2009 to 04/06/2009 as well as the service dates and sires provided.

Further updates and any amendments for milk production, service dates and any other information will be given on the day of sale.

Herd Average 7200kg 3.95% B/Fat 3.30 ptn 133scc
